RESOLUTION

Designating the month of October 2005 as “Family History
Month”.

Whereas it is the family, striving for a future of opportunity
and hope, that reflects our Nation’s belief in community,
stability, and love;

Whereas the family remains an institution of promise, reli-
ance, and encouragement;

Whereas we look to the family as an unwavering symbol of
constancy that will help us discover a future of pros-
perity, promise, and potential;

Whereas within our Nation’s libraries and archives lie the
treasured records that detail the history of our Nation,
our States, our communities, and our citizens;

Whereas individuals from across our Nation and across the
world have embarked on a genealogical journey by discov-

ering who their ancestors were and how various forces shaped their past;

Whereas an ever-growing number of people in our Nation, and in other nations, are collecting, preserving, and sharing genealogies, personal documents, and memorabilia that detail the life and times of families around the world;

Whereas 54,000,000 individuals belong to a family where someone in the family has used the Internet to research their family history;

Whereas individuals from across our Nation, and across the world, continue to research their family heritage and its impact upon the history of our Nation and the world;

Whereas approximately 60 percent of Americans have expressed an interest in tracing their family history;

Whereas the study of family history gives individuals a sense of their heritage and a sense of responsibility in carrying out a legacy that their ancestors began;

Whereas as individuals learn about their ancestors who worked so hard and sacrificed so much, their commitment to honor the memory of their ancestors by doing good is increased;

Whereas interest in our personal family history transcends all cultural and religious affiliations;

Whereas to encourage family history research, education, and the sharing of knowledge is to renew the commitment to the concept of home and family; and

Whereas the involvement of national, State, and local officials in promoting genealogy and in facilitating access to family history records in archives and libraries are important
